

# Anatomy & Physiology

Mrs. Le'Ann Cassidy

## Tuition

\$330 (1/2 due at registration, other half due first day of class)

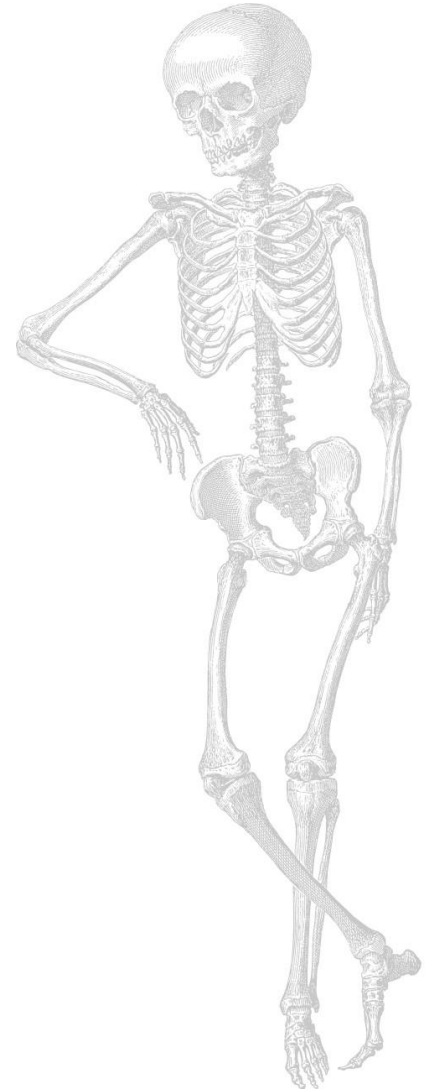

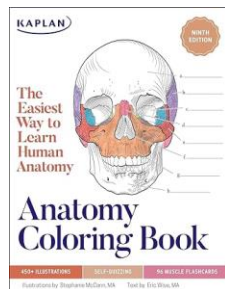

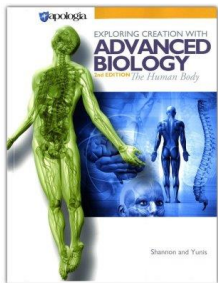

## Prerequisites

This class is suitable for 10<sup>th</sup>-12<sup>th</sup> grade students who have already taken Biology.

## Course Credit: 1

## Materials Needed

Apologia Advanced Biology in Creation Book, 2nd Edition  
Kaplan Anatomy Coloring Book, 9th Edition  
Two Spiral Notebooks and Coloring Pencils

## Expectations

The students will work on daily assignments from the syllabus I will hand out at the orientation meeting before classes start. They will be responsible for keeping up with the materials and turning them in weekly, as we will be cruising through the materials and learning all we can about the human body.

## Course Description

This advanced biology course covers the anatomy and physiology of each of the human body's organ systems, while giving God the glory for His creation. This class will be great to help prepare students who may be interested in a degree in science or any medical field. Please note that the reproductive system is covered in detail, including accurate, yet respectful, illustrations and descriptions.
